SHAUN WHITING

Staff Product Designer.

Complex Systems | AI Products | 0→1 & Scale

Accomplishments

- Delivered $60M in cost savings and $22.5M in revenue growth over 3 years
- Built a 0→1 Returns SaaS platform, saving $12M in operational costs
- Led the design of AI-powered field-ticketing workflows, reducing manual touch-points by 87% across field and back-office operations.

Experience

Morrovia - Founder & Product Designer

Jul 2026 – Present

Travel Startup

- Designing and shipping an AI-assisted travel planning product for complex multi-stop trips, spanning route generation, transport, itinerary, accommodation and discovery.
- Leading the product end to end from problem definition and UX strategy through interaction design, design systems, prototyping, user testing and delivery.
- Designed explainable planning workflows balancing route order, realistic nights, transport and traveller preferences while keeping users in control.

Convergent IS - Staff UX Designer

Sep 2025 – Jan 2026

Enterprise systems

- Led design of AI-powered workflows for hydrocarbon field ticketing, reducing manual touch-points by 87% and integrating with SAP to enable automated processing at scale.
- Simplified complex business rules, exception handling and approval workflows into a clear SAP-connected experience for field and back-office teams.

Blue Yonder - Senior Staff Product Designer

Nov 2023 – Jun 2025

Enterprise SaaS

- Researched, designed and tested multiple self-service kiosk POCs and variants.
- $22.5 million in revenue and $60 million in cost savings.
- Designed and tested a returns processing app, linked to a new design system.
- Grew and onboarded the design team from 3 to 7 designers.

Doddle - Lead Product Designer

Jun 2021 – Nov 2023

Reverse Logistics

- Designed self-service drop-off kiosks handling 40M+ parcels.
- Cut abandonment by 69% and completion time by 28%; raised CSAT from 80.2 to 85.1.
- Contributed to Doddle's acquisition by Blue Yonder at $75M ARR.

Doddle - Founding Product Designer

Sep 2018 – Jun 2021

Reverse Logistics Startup

- Launched a Returns SaaS Platform, saving $12 million in costs.
- Solo designer creating products, design systems and processes from scratch.

Farfetch - Senior Product Designer

Aug 2015 – Jan 2018

Luxury e-Commerce

- Designed Farfetch’s original iOS and Android e-commerce apps.
- Increased checkout conversion by 11.3% through a streamlined flow.

+ Other design roles

Jun 2009 – Aug 2015

Overview

I’m a Staff Product Designer with 16 years’ experience across AI, SaaS and consumer products. I turn complex systems and workflows into clear, intuitive experiences, from early concepts to platforms used by millions. I combine hands-on design, rapid prototyping and product thinking to help teams build, test and ship.

About

Name	Shaun Whiting
Nationality	GBR
Location	London, UK
Experience	16 Years
Availability	Now 2026
Visa status	UK Citizen
